BRIEF ABSTRACT OF LETTER

Forwards an application from the Agent of the Bangalore Cotton, Woollen and Silk Mills Co Ld, for a piece of land to the west of the Mills premises to extend their compound and requests sanction for the grant of the land at eight annas per square yard

NOTES AND ORDERS

Map R

A piece of land measuring about 98 square yards was given to the Mills ~~Co~~ in 1906 at eight annas per square yard. The Agent of the Mills Company now requests that a piece of land measuring about 11 guntas 57 Sq yds may be given to the Company at ct

original rate of 8 annas per square yard.

2 The Agrahar tank, of which the land now applied for forms a portion of the bed, lies within the limits of the Bangalore City Municipality. Its shekhar includes lands belonging to Govt. It is not clear whether the grant of the strip of land now applied for would reduce the capacity of the tank to an appreciable extent and if so whether it would not prejudicially affect the interests of the owners of lands below the said tank. The Revenue Commissioner may therefore be unofficially consulted in the matter.

Submitted for orders.

3 The extent of land asked for being only about 12 guntas, it is not likely that the grant will materially affect the capacity of the tank. Submitted for orders

I inspected the lands yesterday in company with the Resident & the Municipal Engineer - Mr Chambers was also present. Work has already begun & much progress made - I see no objection to the grant of the land to the Mills at an upset price. There is no direct irrigation from the Agasharam tank to any lands below it. But the percolation water is used for garden cultivation.
The enclosing of the plot of land now applied for is desirable also as sanitary grounds as it was hitherto used as an open latrine by the public.
Exception may be accorded to the Council's proposal.
